

NITRORGANIC 16

Liquid Nitrogen Fertilizer 16-0-0

NitrOrganic 16 is a liquid 16-0-0 NPK fertilizer and a strong stimulant that delivers concentrated nitrogen for improved plant growth. It includes 6.2% soluble amino acids derived from enzymatic hydrolysis and vegetable origin, enhancing plant health and stress resistance. Its advanced supramolecular technology and the covalent bond between the Non-Ionic element and an organic conveyor also optimize nitrogen efficiency, improving overall crop productivity.

NitrOrganic 16 Benefits:

- ✓ High concentrated organic nitrogen
- ✓ Enhances stress tolerance
- ✓ Promotes plant growth
- ✓ Zero residue
- ✓ Optimized nutrient efficiency
- ✓ Reduces carbon footprint

General Recommendation:

Fertigation: Apply 14 to 55 fl. oz. per acre, per application. Do not exceed 1.75 quarts/acre.

Foliar: Apply 7 to 41 fl. oz. per acre, per application. Do not exceed 1.3 quarts per acre.

Dosage will vary depending on crop and crop needs.
